## Baseball & Softball Training Cages

Triple Play Sports offers baseball and softball training in 6 batting cages equipped with JUGS pitching machines and L screens. Also available are soft toss cages equipped with batting T's. The cages are equipped with dimpled rubber baseballs or soft balls for your use but you may use leather baseballs or soft balls if you provide them. Vinyl baseballs NOT allowed! Parents are expected to feed the balls through the machine, and if needed we will be happy to provide instruction on how this is done.

The long cages can be reserved in 20 minute increments. The soft toss cages may be used for warm up at no cost prior to your reserved session in the long cage.
